La proiectul Hotărârii Guvernului cu privire la aprobarea semnării Acordului-cadru de împrumut dintre Republica Moldova și Banca de Dezvoltare a Consiliului Europei pentru realizarea proiectului „Răspuns de Urgență la COVID-19 și Suport pentru Întreprinderile Micro, Mici și Mijlocii”

1. Denumirea autorului și, după caz, a participanților la elaborarea proiectului

Proiectul Hotărârii Guvernului cu privire la aprobarea semnării Acordului-cadru de împrumut dintre Guvernul Republicii Moldova și Banca de Dezvoltare a Consiliului Europei pentru realizarea proiectului „Răspuns de Urgență la COVID-19 și Suport pentru Întreprinderile Micro, Mici și Mijlocii” a fost elaborat de către Ministerul Finanțelor.

2. Condițiile ce au impus elaborarea proiectului de act normativ și finalitățile urmărite

În situația de urgență actuală privind pandemia de COVID-19, Banca de Dezvoltare a Consiliului Europei (CEB) s-a angajat să ofere finanțare flexibilă și în timp util țărilor membre, întru consolidarea sistemului de sănătate publică și atenuarea impactului socio-economic al pandemiei.

În acest sens, întru asigurarea unui răspuns eficient și prompt la necesitățile sistemului de sănătate al Republicii Moldova în lupta cu COVID-19, precum și consecințele acestuia, Guvernul Republicii Moldova a înaintat în adresa CEB un demers prin care și-a exprimat interesul în contractarea unui împrumut în valoare estimativă de până la 70 milioane Euro.

Proiectul va fi structurat în 2 componente:

1. **Componenta Sănătate** – 40 mil. Euro, urmează a finanța următoarele tipuri de cheltuieli: achiziția, în cadrul procedurilor de urgență, a echipamentelor medicale și materiale consumabile, reabilitarea și transformarea spațiilor/unităților medicale, mobilizarea de expertiză suplimentară, întru asigurarea măsurilor de răspuns de urgență la COVID-19.

2. **Componenta Suport pentru Întreprinderile Micro, Mici și Mijlocii** - 30 mil. Euro, va oferi finanțare pentru capital circulant și nevoile de investiții ale IMM-urilor afectate de criză, ajutându-le să păstreze locuri de muncă viabile. Această componentă va fi realizată prin recreditarea beneficiarilor finali prin intermediul instituțiilor financiare participante.

Entitatea implementatoare a proiectului (atât componenta Sănătate, cât și componenta Suport pentru Întreprinderile Micro, Mici și Mijlocii) este desemnată Instituția Publică „Oficiul de Gestionare a Programelor de Asistență Externă”.

Guvernul Republicii Moldova estimează ca resursele financiare din cadrul împrumutului să acopere cheltuielile aferente COVID-19 în perioada bugetară 2020-2022. În consecință, data limită de debursare este stabilită la 30.06.2022.

Maturitatea maximă aferentă creditului pentru componenta Sănătate este de 15 ani și 7 ani pentru componenta Suport pentru Întreprinderile Micro, Mici și Mijlocii.

Acordul-cadru de împrumut prevede posibilitatea aplicării ratei fixe și ratei flotante a dobânzii, ce va fi decisă la fiecare tranșă de debursare solicitată, în funcție de condițiile financiare propuse.

Toate aspectele cheie negociate de către delegația împuternicită în conformitate cu Hotărârea Guvernului nr. 330 din 03.06.2020 sunt consemnate în Procesul-Verbal aferent negocierilor.

Textul proiectului Acordului-cadru de împrumut propus spre semnare nu conține diferențe esențiale de fond față de proiectul inițial al acestuia, fiind negociat, în speță, mecanismul de implementare al Acordului, având în vedere că descrierea proiectului coincide cu cea solicitată de către Guvernul Republicii Moldova prin demersul adresat CEB (nr.11/2-07/147 din 27 aprilie 2020) și aprobat de Consiliul de Administrație CEB la data de 12 Mai 2020.

(b) Conditions precedent to any further Disbursement Request:

- (i) In the event there has been a change regarding the person(s) authorised to execute Disbursement Requests on behalf of the Borrower, the Borrower shall provide CEB with

updated evidence of the person(s) authorised to execute the corresponding Disbursement Requests on behalf of the Borrower, together with the authenticated specimen of the signature(s) of such person(s).

- (ii) Progress Report confirming for each Component, to the CEB's satisfaction, the full Allocation of the previous Tranche/Sub-tranche.

4.6 Repayment

On any Principal Repayment Date, the Borrower shall repay the principal of each Tranche/Sub-tranche due on that Principal Repayment Date in accordance with the terms set forth in the applicable Disbursement Notice.

4.7 Early Reimbursement

(a) Mechanics

If in any event specified in this Agreement referring to this Sub-clause the Borrower ought to reimburse prior to maturity all or part of a Tranche/Sub-tranche, the Borrower shall give at least a one (1) month prior written notice to the CEB (hereinafter, the **"Early Reimbursement Notice"**) specifying the amounts to be reimbursed, the date on which the reimbursement will take place (hereinafter, the **"Early Reimbursement Date"**) and, upon prior consultation with the CEB, the maximum Early Reimbursement Costs. The Early Reimbursement Date shall fall on an Interest Payment Date, unless otherwise agreed in writing by the CEB.

Upon receipt of the Early Reimbursement Notice, the CEB shall send a written notice to the Borrower (hereinafter, the **"Early Reimbursement Confirmation"**), not later than five (5) Business Days prior to the Reimbursement Date, indicating the accrued interest due thereon and the Early Reimbursement Costs in accordance with Sub-clause 4.7(b).

An Early Reimbursement Confirmation matching the elements included in an Early Reimbursement Notice shall constitute an irrevocable and unconditional commitment on the part of the Borrower to reimburse the relevant amounts to the CEB under the terms and conditions specified in the Early Reimbursement Confirmation.

If the Borrower partially reimburses a Tranche/Sub-tranche, the reimbursed amount shall be applied pro rata to each outstanding principal repayment. In such an event, the Early Reimbursement Confirmation shall accordingly include an adjusted repayment schedule which shall be binding on the Borrower.

(b) Early Reimbursement Costs

The Early Reimbursement Costs resulting from early reimbursement in accordance with Sub-clause 4.7(a) shall be determined by the CEB on the basis of the costs to it of redeploying the amount to be reimbursed from the Early Reimbursement Date to the Maturity Date, including any related costs, such as unwinding any underlying hedging arrangements. The costs of redeployment will be established on the basis of the difference between the original rate and the redeployment rate, which shall be determined by the CEB on the basis of market conditions on the date of the Early Reimbursement Notice.

4.8 Interest Determination

The Borrower shall pay interest on the principal of each Tranche/Sub-tranche from time to time outstanding during each Interest Period at the Fixed Interest Rate/Floating Interest Rate specified in the applicable Disbursement Notice.

Interest shall (i) accrue from and including the first day of the Interest Period to but excluding the last day of such Interest Period; and (ii) be due and payable on the Interest Payment Dates specified in

the applicable Disbursement Notice. Interest shall be calculated on the basis of the Day Count Convention specified in the relevant Disbursement Notice.

In the case of Floating Interest Rate Tranches/Sub-tranches, the CEB shall determine on each Interest Determination Date the interest rate applicable during the relevant Interest Period in accordance with the Agreement and promptly give notice thereof to the Borrower. Each determination by the CEB shall be final, conclusive and binding upon the Borrower unless shown by the Borrower to the satisfaction of the CEB that any such determination has involved manifest error.

4.9 Default Interest Rate

In the event that the Borrower fails to pay, in full or in part, any amount under the Agreement, and notwithstanding any other recourse available to the CEB under the Agreement or otherwise, the Borrower shall pay interest on such unpaid amounts from the due date until the date of receipt of such payment by the CEB at the interest rate *per annum* equal to the one-month EURIBOR quoted on the due date plus two hundred and fifty basis points (250 bps) (hereinafter, the **“Default Interest Rate”**).

The applicable Default Interest Rate shall be updated every thirty (30) calendar days.

4.10 Market Disruption Event

The CEB shall promptly, upon becoming aware of it, notify to the Borrower that a Market Disruption Event has occurred.

For the purposes of the Agreement, **“Market Disruption Event”** refers to the following circumstances:

- (a) The Reuters page referred to under the EURIBOR definition does not indicate the required details or is not accessible.

Under such a Market Disruption Event, the applicable EURIBOR shall be the percentage rate *per annum* determined by the CEB to be the arithmetic mean of the rates at which loans in Euro, in an amount identical or nearest comparable to the Loan amount in question and for a period identical or nearest comparable to the relative Interest Period, are offered on the Interest Determination Date by three (3) leading banks in the EU interbank market selected by the CEB. If at least two (2) quotations are provided, the applicable EURIBOR for that Interest Determination Date shall be the arithmetic mean of all quotations provided.

If only one (1) or no quotation is provided, the applicable EURIBOR shall be the percentage rate *per annum* determined by the CEB to be the arithmetic mean of the rates at which loans in Euro, in an amount identical or nearest comparable to the Loan amount in question and for a period identical or nearest comparable to the relative Interest Period, are offered on the second Business Day after the beginning of the relevant Interest Period by major banks in the EU interbank market selected by the CEB.

- (b) The CEB determines that it is not possible to determine the applicable Reference Rate in accordance with paragraph (a) above.

Under such a Market Disruption Event, the applicable Floating Interest Rate shall be replaced by the rate that expresses as a percentage rate *per annum* the cost to the CEB of funding the Loan from whatever source the CEB may reasonably select.

- (c) At any time between the delivery of a Disbursement Notice and the Disbursement Date the CEB reasonably determines that there are exceptional and unexpected circumstances of an economic, financial, political or other external nature adversely affecting the CEB's access to its sources of funding.

Under such a Market Disruption Event, the CEB shall be entitled to cancel at no cost the scheduled disbursement.

In the case of the Market Disruption Events set forth under items (a) and (b) above:

- (i) If the Borrower so requires, the Parties, acting in good faith, shall enter into negotiations for a period of not more than thirty (30) calendar days in order to agree on an alternative to the applicable EURIBOR. If no agreement is reached, the Borrower may proceed with early reimbursement on the next Interest Payment Date in the terms provided under Sub-clause 4.7.
- (ii) The CEB shall have the right, acting in good faith and in consultation with the Borrower to the extent reasonably practicable, to change the duration of any subsequent Interest Period to thirty (30) calendar days or less by sending to the Borrower a notice thereof. Any such change to an Interest Period shall take effect on the date specified by the CEB in such notice.

If the CEB determines that the relevant Market Disruption Event no longer exists, then, subject to any further Market Disruption Event occurring or existing, the Floating Interest Rate and/or Interest Period applicable to any relevant Tranche/Sub-tranche shall revert, from the first day of the following Interest Period to being calculated in accordance with the Floating Interest Rate and Interest Period specified in the relevant Disbursement Notice.

4.11 Payments

All the amounts due by the Borrower under this Agreement are payable in the Currency of each Tranche/Sub-tranche to the CEB's account indicated in the applicable Disbursement Notice. Any payment under this Agreement shall be made on a Business Day subject to the Modified Following Business Day Convention. Any payment shall be deemed paid when the CEB has received the amount on its account.

The Borrower or the bank instructed by the Borrower, as the case may be, shall send a written payment notice to the CEB at least five (5) Business Days before payment of any amounts due under this Agreement.

5. PROJECT IMPLEMENTATION

The Borrower shall implement the Project in accordance with the Agreement.

The Borrower designates the Ministry of Health, Labour and Social Protection (MoHLSP) as the PIE for the Health Component, and the Ministry of Finance (MoF) as the PIE for the MSMEs Component. The Borrower appoints as PIU the Office for External Assistance Programmes Management (OEAPM) (referred to in Appendix 1), appropriately staffed and equipped throughout the Project implementation period.

In any event, the Borrower remains solely liable to comply with its obligations under the Agreement.

Failure to comply with the Project Implementation undertakings set forth hereby under Clause 5 would constitute, irrespective of any other applicable provision of the Loan Regulations, an event in the terms of Article 3.3 (h) of the Loan Regulations and may give rise to (i) the relevant contract expenditure (for the Health Component), or Sub-project (for the MSMEs Component), as the case may be, declared ineligible for Allocation under the Project; and/or (ii) the early reimbursement, suspension or cancellation of the Loan, in whole or in part, under the terms of Articles 3.3 (*Early reimbursement of disbursed loans*), 3.5 (*Suspension by the Bank of undisbursed loans*) and 3.6 (*Cancellation by the Bank of undisbursed loans*) of the Loan Regulations.

5.1 Duty of Care

The Borrower shall apply all care and diligence, and shall exercise all typically used means (including, but not limited to, legal, financial, managerial and technical) required for the proper implementation of the Project.

5.2 Allocation Period

The Borrower shall allocate each Tranche/Sub-tranche to the relevant Component under the Project within twelve (12) months after the relevant Disbursement Date (the “Allocation Period”).

If a Tranche/Sub-Tranche disbursed by the CEB is not allocated to the relevant Component under the Project or is only partially allocated to it within the Allocation Period, the Borrower shall reimburse the unallocated amounts to the CEB in accordance with Sub-clause 4.7.

If:

- (a) An expenditure/Sub-project, to which the Tranche/Sub-tranche has been allocated, is found to be ineligible or in breach of the undertakings specified under Sub-clause 5.4; or
- (b) a Sub-loan, in whole or in part, is, voluntarily or otherwise, cancelled or prepaid by a Final Borrower,

a corresponding part of the Loan shall be allocated by the Borrower to other eligible expenditures/Sub-loans to the extent possible given the residual maturity of the corresponding Tranche. In the case of re-allocation, the CEB reserves the right to request from the Borrower a report on such re-allocation of funds.

5.3 Project Costs

The Tranches/Sub-tranches disbursed under each Component shall not exceed ninety per cent (90%) of the total eligible costs of the respective Component. If the Tranches/Sub-tranches disbursed under any Component exceed the above 90% (by reduction of the total eligible costs or otherwise), the Borrower shall reimburse the surplus to the CEB in accordance with Sub-clause 4.7.

Should the total eligible costs of any Component increase or be revised for whatever reason, the Borrower shall ensure that the additional financial resources for the completion of the respective Component are available without recourse to the CEB. The plans to finance the increased costs shall be communicated to the CEB without delay.

5.4 Project Specific Undertakings

Under the Health Component, Borrower shall ensure that:

- (i) all the land, real property rights and permits required for the implementation of the Project are timely available;
- (ii) any other requirement specified in Appendix 1 (“Specific Conditions”) hereto is complied with.

Under the MSMEs Component, the Borrower shall ensure that in each Sub-loan Agreement the Final Borrower undertakes to:

- (a) use the Sub-loan for the implementation of the Sub-project concerned;
- (b) comply with the obligations arising from Sub-clauses **Error! Reference source not found.** (*Procurement*), **Error! Reference source not found.** (*Environment*), **Error! Reference source not found.** (*Human Rights*) and **Error! Reference source not found.** (*Integrity*);
- (c) obtain all relevant real property rights, permits and authorisations;
- (d) maintain, repair, overhaul and renew all property forming part of the Sub-Project as required to keep it in good working order;

- (e) allow CEB's staff members or designated third parties to visit the relevant Sub-project sites/contractors, installations and works, to conduct such checks as they may wish, and to provide them with all necessary information and assistance for this purpose;
- (f) comply with any other requirement specified in Appendix 1 ("Specific Conditions"); and
- (g) repay in advance of maturity the Sub-loan in case of non-compliance with the above undertakings.

The Borrower undertakes to (i) match to the extent possible the Sub-loans' maturity date to the Maturity Date of the relevant Tranche; and (ii) take into consideration the advantage derived from CEB's financing and to pass on that advantage to the Final Borrowers, while taking into account the fact that an intermediation margin may be applied to cover risk and management costs.

5.5 Procurement

Procurement of supplies, works and services to be financed under the Health Component of the Project shall comply with the Procurement Guidelines.

Procurement of supplies, works and services under any Sub-Project to be partially financed under the MSMEs Component of the Project shall comply with the relevant procurement legislation, if applicable. Otherwise, the Final Borrowers shall use procurement methods which ensure a sound acquisition of supplies, works and services at fair market prices and in a cost effective manner.

5.6 Environmental and Social Safeguards

The Borrower shall implement the Project in conformity with the requirements set forth in the Environmental and Social Safeguards Policy.

5.7 Human Rights

The Borrower shall ensure that the implementation of the Project will not give rise to a violation of (i) the European Convention on Human Rights; or (ii) the European Social Charter.

5.8 Integrity

The Borrower undertakes that:

- (a) it will not make any Loan proceeds available to or for the benefit of, directly or indirectly, any Sanctioned Person; and
- (b) it will not commit, and no person, with its consent or prior knowledge, will commit, in connection with the implementation of the Project or the execution of any contract under a Sub-project a Corrupt, Fraudulent, Coercive, Collusive or Obstructive Practice (hereinafter, together with making any Loan proceeds available to Sanctioned Persons referred to as the **"Prohibited Practices"**).

For the purposes of this Agreement:

- (i) A **"Sanctioned Person"** means any individual or entity listed in and/or otherwise subject to one or more Sanction Lists.

A **"Sanction List"** means (i) any economic, financial and trade restrictive measures and arms embargoes issued by the EU pursuant to Chapter 2 of Title V of the Treaty on European Union as well as Article 215 of the Treaty on the Functioning of the European Union, as available in the official EU website https://eeas.europa.eu/headquarters/headquarters-homepage/8442/consolidated-list-sanctions_en or on any successor page, as amended and supplemented from time to time; or, (ii) any economic, financial and trade restrictive measures and arms embargoes issued by the United Nations Security Council pursuant to Article 41 of the UN Charter as

- (v) A **“Collusive Practice”** is an arrangement between two or more parties designed to achieve an improper purpose, including influencing improperly the actions of another party.
- (vi) An **“Obstructive practice”** means in relation to an investigation into a Coercive, Collusive, Corrupt or Fraudulent Practice in connection with this Project, (a) deliberately destroying, falsifying, altering or concealing of evidence material to the investigation; and/or threatening, harassing or intimidating any party to prevent it from disclosing its knowledge of matters relevant to the investigation or from pursuing the investigation, or (b) acts intending to materially impede the exercise of the contractual rights of audit or access to information.

The Borrower undertakes:

- (i) to take timely such action as the CEB shall reasonably request to investigate and/or terminate any alleged or suspected Prohibited Practice;
- (ii) to inform the CEB of the measures taken to seek damages from the persons responsible for any loss resulting from any such Prohibited Practice; and
- (iii) to facilitate any investigation that the CEB may make concerning any such act.

The Heads of the PIEs shall be responsible for contacts with the CEB for the purposes of this Sub-clause.

5.9 Visibility

The Borrower shall, and shall ensure that the PFIs will, inform the Final Beneficiaries and Final Borrowers that the respective Project Component is partly financed by the CEB through appropriate means of communication such as dedicated notices in relevant websites, press releases, brochures or the exhibit of billboards/plates on relevant Project Components sites/facilities. In any case, information given to the Final Beneficiaries and Final Borrowers shall display in an appropriate way the CEB's name and logo.

6. MONITORING

6.1 Reporting

- (a) Progress Reports

The Borrower, through the PIU, shall send to the CEB a progress report (hereinafter, a **“Progress Report”**) (i) every six (6) months, until the full Allocation of the disbursed Tranches/Sub-tranches; and (ii) prior to every Disbursement Request.

- (b) Completion Report

Upon completion of each Component, the Borrower, through the PIU, shall submit a completion report (hereinafter, a **“Completion Report”**) in form and substance identical to the Progress Report.

Appendix 4 hereto provides templates specifying for each Component the minimum information required by the CEB. Alternative formats containing the same information may also be used.

6.2 Visits

The Borrower undertakes to favourably receive any monitoring/technical/evaluation visits, including by facilitating access to relevant sites for both Components, carried out by the CEB’s staff members or designated third parties.

6.3 Audit

Should the Borrower fail to comply with any of its undertakings under the Agreement, the Borrower undertakes to favourably receive any on-site audit, carried out by the CEB’s staff members or designated third parties, which shall be at the Borrower’s expense.

6.4 Project Information

The Borrower shall keep accounting records concerning the Project, which shall be in conformity with international standards, showing, at any point in time, the Project’s state of progress, and which shall record all operations made and identify the assets and services partially financed with the Loan.

The Borrower shall deliver to the CEB in a timely manner any information or document concerning the financing or the implementation (including in particular environmental and procurement issues) of the Project as the CEB may reasonably require.

The Borrower shall inform the CEB immediately of any event that may have a material adverse impact on the implementation of the Project, including but not limited to:

- (i) any action or protest initiated or any objection raised by any third party or any genuine complaint received by the Borrower or any material litigation that is commenced or threatened against it with regard to procurement or environmental or other matters affecting the project; and
- (ii) any enactment of or any amendment to any law, rule or regulation (or in the application or official interpretation of any law, rule or regulation).

Any event that may have a material adverse impact on the implementation of the Project would constitute an event in the terms of Article 3.3 (h) of the Loan Regulations and may give rise to the early reimbursement, suspension or cancellation of the Loan under the terms of Articles 3.3 (*Early reimbursement of disbursed loans*), 3.5 (*Suspension by the Bank of undisbursed loans*) and 3.6 (*Cancellation by the Bank of undisbursed loans*) of the Loan Regulations.

6.5 Borrower Information

The Borrower shall deliver information, in a form and substance satisfactory to the CEB, on its general financial situation as the CEB may reasonably require from time to time.

The Borrower shall inform the CEB immediately of any Material Adverse Change. Any Material Adverse Change would constitute an event in the terms of Article 3.3 (h) of the Loan Regulations and may give rise to the early reimbursement, suspension or cancellation of the Loan under the terms of Articles 3.3 (*Early reimbursement of disbursed loans*), 3.5 (*Suspension by the Bank of undisbursed loans*) and 3.6 (*Cancellation by the Bank of undisbursed loans*) of the Loan Regulations.

(a) Cross-Default

The fact that, following any default in relation thereto, the Borrower is required or is capable of being required or will, following expiry of any applicable contractual grace period, be required or be capable of being required to prepay, repay or terminate ahead of maturity any Debt Instrument or

any commitment in connection with a Debt Instrument is cancelled or suspended, would constitute an event in the terms of Article 3.3 (h) of the Loan Regulations and may give rise to the suspension, cancellation or early reimbursement of the Loan under the terms of Articles 3.3 (*Early reimbursement of disbursed loans*), 3.5 (*Suspension by the Bank of undisbursed loans*) and 3.6 (*Cancellation by the Bank of undisbursed loans*) of the Loan Regulations.

7. PARI PASSU

7.1 Ranking

The Borrower shall ensure that its payment obligations under this Agreement rank, and will rank, not less than *pari passu* in right of payment with all other present and future unsecured and unsubordinated obligations under its Debt Instruments.

In particular, the Borrower shall not make (or authorise) any payment in respect of any other such Debt Instrument (whether regularly scheduled or otherwise) if:

- (i) the CEB makes a demand of early reimbursement under Article 3.3 of the Loan Regulations; or
- (ii) an event or potential event of default under any unsecured and unsubordinated Debt Instrument of the Borrower or any of its agencies or instrumentalities has occurred and is continuing.

However, payment in respect of such Debt Instrument is possible if the Borrower:

- (i) simultaneously pays; or
- (ii) sets aside in a designated account for payment on the next Interest Payment Date

a sum equal to the same proportion of the principal outstanding under this Agreement as the proportion that the payment under such Debt Instrument bears to the total debt outstanding under that instrument.

For this purpose, any payment of a Debt Instrument that is made out of the proceeds of the issue of another instrument, to which substantially the same persons as hold claims under the Debt Instrument have subscribed, shall be disregarded.

7.2 Security

Should a Security be granted for the performance of any Borrower's Debt Instrument, the Borrower shall timely inform the CEB of its intentions and shall, if so required by the CEB, provide to the CEB, within the deadline set forth in CEB's notice, identical or equivalent Security for the performance of its financial obligations under this Agreement.

This provision shall not apply to a Security:

7.4 Prepayment to Third Parties

Should the Borrower prepay in whole or in part, voluntarily or otherwise, any Debt Instrument, the Borrower shall so inform the CEB.

In such an event, and upon CEB's request, the Borrower shall reimburse, without any Early Reimbursement Cost, to the CEB the amounts disbursed under the Loan in accordance with Sub-clause 4.7 in such proportion as the prepaid amount bears to the corresponding Debt Instrument. The aforementioned does not concern prepayments to revolving credit facilities which remain open for drawing on the same terms after such prepayment.

For the purposes of the Agreement, "**Prepayment**" or "**prepay**" means a repayment in advance of maturity.

8. REPRESENTATIONS AND WARRANTIES

The Borrower represents and warrants that:

- (a) its competent bodies have authorised it to enter into the Agreement and have given the signatory(ies) the authorisation therefor, in accordance with the laws, decrees, regulations, articles of association and other texts applicable to it;

The above representations and warranties are deemed repeated on the date of signature of each Disbursement Request. Any change in relation to the above representations and warranties must, for the entire Loan period, be notified and any supporting documents provided to the CEB immediately.

If any of the above representations and warranties is or proves to have been incorrect or misleading in any respect, this would constitute an event in the terms of Article 3.3 (h) of the Loan Regulations and may give rise to the suspension, cancellation or early reimbursement of the Loan under the terms of Articles 3.3 (*Early reimbursement of disbursed loans*), 3.5 (*Suspension by the Bank of undisbursed loans*) and 3.6 (*Cancellation by the Bank of undisbursed loans*) of the Loan Regulations.

9. THIRD PARTIES

The Borrower may not raise any fact relating, within the scope of the use of the Loan, to its relations with third parties in order to avoid fulfilling, either totally or partially, the obligations resulting from the Agreement.

13. DISPUTES

Disputes between the parties to the Agreement shall be subject to arbitration under the conditions laid down in Chapter 4 of the Loan Regulations.

The Parties agree not to take advantage of any privilege, immunity or legislation before any jurisdictional or other authority, whether domestic or international, in order to object to the enforcement of an award handed down under the conditions laid down in Chapter 4 of the Loan Regulations.

Project Description

I.	LD	2060 (2020)
	Borrower	Republic of Moldova
	Loan Type	Public Sector Financing Facility (PFF)
	Loan Amount	EUR 70,000,000
	Approval by CEB Administrative Council (AC)	12 May 2020
II.	Sectors of action	"Health" and "Supporting MSMEs for the creation and preservation of viable jobs" ("MSMEs")
	Objectives	To support the Government of Moldova in its efforts to: 1) provide medical services to those affected by COVID-19; and, 2) to alleviate the impact of the COVID-19 crisis on the MSMEs.
	Planned Works/ Sub-projects	<p>The Project will partially finance the Government's COVID-19 crisis-related expenditures through two components.</p> <p><u>Health Component</u> will cover expenditures foreseen in the Needs Assessment conducted by the Ministry of Health, Labour and Social Protection (MoHLSP) jointly with the World Health Organisation. The document categorises COVID-19 measures in seven pillars. CEB is expected to co-finance mainly the measures under pillar 7, comprising hospital needs in terms of drugs, equipment, accessories and consumables, waste management, vehicles, burden incentives for the doctors and nurses and psychological support to different groups of population; and under pillar 6, comprising training activities on infection prevention and control (IPC) including water, sanitation and hygiene (WASH) and clinical management of the COVID-19 for public health professionals, and the monitoring of IPC and WASH implementation. Measures related to pillar 7 may include adaptation works for available spaces as necessary for COVID-19, and adjustments of premises for accommodation of newly acquired equipment. Measures under pillar 5, comprising the needs of national laboratories related to COVID-19 may be co-financed if initially purchased stocks prove insufficient. Additional COVID-related eligible expenditures may be covered, as such expenditures may get introduced in the Needs Assessment during its periodic updates.</p> <p><u>MSMEs Component</u> will provide co-financing for the working capital and investment needs of MSMEs affected by the crisis. The Office for External Assistance Programmes Management (OEAPM) will periodically screen against a set of established criteria the eligibility of local banks and micro-finance institutions to participate under this Component as intermediaries and the OEAPM Board will approve their eligibility. Participating financing intermediaries (PFIs) would submit to OEAPM the financing requests coming from their eligible MSME clients. OEAPM will verify eligibility of MSMEs and their Sub-projects against the conditions set under this Component and will on-lend to the PFIs the corresponding amounts for eligible Sub-projects. PFIs will further on-lend them to the Final Borrowers.</p> <p>The operational costs such as remuneration expenditures incurred by the OEAPM are eligible for financing under the FLA, as acceptable to the MoF.</p> <p>For both Components, CEB Loan proceeds will be disbursed, at the Ministry of Finance's (MoF) request, in EUR, to the OEAPM's account.</p>
	Components Management	<u>Health Component</u> will be implemented under the general supervision of the MoHLSP, based on operational procedures acceptable for the MoF and countersigned by the MoHLSP. The day-to-day coordination of the component activities, the monitoring and preparation of consolidated reports on the entire Health Component will be performed by the OEAPM, adequately staffed, operating under the MoF. If necessary, additional

	<p>temporary expertise, as e.g. coordinator or procurement specialist, may be engaged to strengthen OEAPM's capacity for the implementation of this Component.</p> <p>MoHLSP will provide OEAPM with relevant reports and inputs to progress reports required by OEAPM/MoF and in line with CEB reporting requirements/templates. During the state of emergency/emergency in public health, public procurement of goods, works and services will follow special procedures allowed under the Republic of Moldova procurement legislation. OEAPM will carry out the public procurements with the relevant input from the MoHLSP. A transparent mechanism will be established for eligibility and allocation of burden incentives.</p> <p><u>MSMEs Component</u> will be implemented under the general supervision of the MoF. OEAPM, operating under the MoF, adequately staffed, will carry out the day-to-day management of the Component.</p> <p>At the time of Project appraisal, the Credit Lines Directorate (CLD), the predecessor of OEAPM was responsible for: i) evaluation and selection of PFIs and the continuous monitoring of their financial performance and their right to intermediate; ii) elaboration of regulations and operational procedures on the use of credit lines; iii) management of credit lines and providing intermediaries access to its resources for further on-lending; iv) monitoring compliance with the contractual terms by PFIs; and, v) evaluation and approval of sub-project proposals submitted by PFIs. CLD's mandate was enlarged by the Government Decision 338 on 03.06.20 to become OEAPM.</p> <p>On-lending is done through eligible PFIs, which assume all credit risks and conduct on-lending operations. OEAPM is selecting eligible PFIs among the following eleven banks and four MFIs: BC"MOLDOVA - AGROINDBANK" S.A., B.C."VICTORIABANK" S.A., BC"Moldindconbank" S.A., Mobiasbanca - OTP Group S.A., BCR Chişinău S.A., "FinComBank" S.A., B.C."ENERGBANK"S.A., B.C.,COMERȚBANK"S.A., BC"EuroCreditBank" S.A, B.C."ProCredit Bank" S.A., BC"Eximbank" S.A., Microinvest, AEI Grimancauti, Moldcredit, and Corporatia de Finantare Rurala. III. Eligibility Criteria	<p><u>Health Component</u></p> <p>CEB can finance projects concerning health, social care and related infrastructure such as: (a) construction and/or rehabilitation of: public or private hospitals, public or private medical service infrastructure, specialised centres in assisting vulnerable and dependent populations; nursing homes for the elderly and welfare centres, including housing for the aged who are still independent; research and development facilities; (b) supply and installation of medical equipment, non-medical equipment and furniture; (c) adaptation</p>
----------------------------------	--

	<p>of such premises in order to facilitate their access to persons with reduced mobility; (c) acquisition of health management and related material and equipment; this may involve outright purchase, or the lease or other forms of long-term hire of such equipment; (e) home-based care and support programmes; (f) health related research and development programmes; (g) training and support programmes in favour of disabled groups; (h) training for specialised staff in the health and social care sectors. Within the framework of health projects, financing can also be granted for basic infrastructure such as water supply and wastewater systems and facilities, solid waste collection and treatment facilities including hazardous waste, electricity and gas supply systems, IT infrastructure and communications facilities (i.e. telephone, internet, cable etc.). Private establishments and infrastructure must be state-approved (in compliance with the criteria fixed by the state for this type of establishment).</p> <p><u>MSMEs Component</u></p> <p>CEB can provide financing with the purpose of promoting the creation and preservation of viable permanent and/or seasonal jobs by facilitating access to credit. Such loans can finance fixed productive investments, including through leasing, or working capital requirements as deemed eligible by CEB. They are aimed at micro, small and medium-sized enterprises (MSMEs), including those exercising craftsmanship/artisan activities or small family-owned enterprises engaged in regular economic activity. To reach MSMEs effectively for the purpose of supporting job creation, CEB can support selected licensed financial intermediaries (FIs) such as commercial banks, specialized financial intermediaries (e.g. public development banks) or non-bank financial intermediaries such as leasing companies and microfinance institutions (MFIs). This support may either be in the form of direct lending through an FI or through on-lending via an apex structure. Reflecting its social mandate, CEB prioritizes for its support the smaller MSMEs and those with limited, less favourable, or even no access to credit. This includes in particular start-ups and enterprises owned by women, by minorities and by vulnerable groups. CEB gives priority to those initiatives in this sector that are supported by member state governments. CEB supported intermediaries will need to demonstrate upfront a clear commitment and ability to on-lend to the target MSMEs on a commercially sound and economically sustainable basis.</p> <p>CEB uses the same definition of MSMEs as the European Union (EU Commission Recommendation 2003/361/EC), which may be updated from time to time. Extract of Article 2 of the Annex of Recommendation 2003/361/EC: "The category of micro, small and medium-sized enterprises (MSMEs) is made up of enterprises which employ fewer than 250 persons and which have an annual turnover not exceeding 50 million euro, and/or an annual balance sheet total not exceeding 43 million euro." To be eligible to CEB funding, SMEs have to be "autonomous enterprises" within the meaning of the Recommendation, i.e. either completely independent or less than 25% stake held by a non-SME company. CEB provides Programme Loans to Microfinance Institutions (MFIs) with the objectives of contributing to the financial inclusion of the vulnerable populations, including rural community, women, migrants and ethnic minorities, tackling regional disparities and gender imbalances. MFIs can channel the CEB loan in the form of: business loans for investment and working capital financing needs of startups and existing businesses; and non-business loans such as house improvement loans and small-scale energy efficiency investment loans of private households as well as emergency loans to meet education and health related expenses. CEB does not finance personal consumer loans.</p> <p>CEB financing will be limited to Sub-projects with total costs not exceeding EUR 2,000,000.</p> <p>For investment Sub-projects, CEB financing to Final Borrowers through Sub-loans will be limited to EUR 600,000 per Sub-project.</p> <p>The Final Beneficiary may apply for several sub-loans financed by CEB in the frames of different investment sub-projects, or in the frame of the same investment project, in the</p>
--	---

	<p>limit of EUR 600,000 per sub-project.</p> <p>To be eligible for CEB financing, the Sub-loans with Final Borrowers should have been signed/eligible investment expenditures of the Final Borrowers should have been incurred no earlier than 1 January 2020.</p> <p>In view of reaching out to the most vulnerable, a portion of the CEB financing, amounting to EUR 500,000, will be reserved for micro enterprises through MFIs during a period of 12 months from the first disbursement; any unused part of this portion will be made available to all PFIs at the end of this period.</p> <p>Working capital funding aims to provide a stable growth base for well-managed firms and encourage intermediating FIs to develop longer term financing relationship with MSMEs, including for the recurrent needs required to cover day to day business expenses and ensure uninterrupted operations, independently of IFI financing arrangements.</p> <p>CEB financing for Working capital will be limited to EUR 300,000 per beneficiary MSME.</p> <p>For small (from 10 to 49 employees) and medium sized enterprises (from 50 to 249 employees), CEB Loan Tranches/Sub-tranches disbursed until 12 November 2021 for this Component may be allocated up to 100% for Working capital financing; after this period, CEB share of financing for working capital will be limited to 50% of CEB disbursements under this Component.</p> <p>For micro enterprises (less than 10 employees), all Working capital needs can be financed, as long as the financial intermediary establishes that the end-borrower is well managed, has a sound financing plan and demonstrates good management and current account cash flow. This approach aims to give financial intermediaries the necessary flexibility to support sound micro firms' growth. Irrespective of MSME categorization, in order to ensure that permanent MSME working capital requirements are covered by stable funding, minimum maturity eligibility requirements of at least 12 months are applicable to the financial intermediaries' onlending instruments. Where appropriate, consideration shall be given to the disbursement of Sub-tranches dedicated to Working capital financing.</p> <p>Investments related to renewable energy, education (schools/universities) and health (hospitals/clinics) sectors should not be financed under CEB's "Supporting MSMEs" sector of action, but under the related sectors (i.e. "Managing the environment," "Health" or "Education and professional training"). Smaller scale subprojects related to health and education (e.g. privately owned dental/medical practices, childcare/kindergarten or elderly care facilities) may be financed under the "MSMEs" sector of action provided that the beneficiaries comply with the above-referred MSME definition.</p> <p>PFIs selected by the OEAPM must meet the criteria of existence and efficiency of programmes that set minimum Anti-Money Laundering (AML), Counter-Terrorism Financing (CTF) and Sanctions standards, as well as minimum Anti-Bribery and Anti-Corruption standards. The criteria for selection of PFIs will include at least the following:</p> <ul style="list-style-type: none"> (i) Be in continuous operation for a minimum of two years since the date of issue of the license; (ii) Have an ownership structure consistent with "fit and proper" requirements, and have qualified and experienced management, adequate organization and institutional capacity for its specific risk profile, as provided by Moldovan banking legislation (Law on NBM No.548-XIII dated 21.07.1995, Law on financial institutions No.550-XIII dated 21.07.1995, other laws, NBM approved regulations, decisions, instructions, and modifications thereto) and as determined by the NBM on-going supervision and/or by other relevant supervision authority; (iii) Not being placed under special supervision or other kind of special administration of NBM and/or by other relevant supervision authority;
--	---

	<ul style="list-style-type: none"> (iv) Have well defined written policies and procedures for management of all types of financial risks (liquidity, credit, currency, operational, interest rate and market risk, as well as risks associated with balance sheet and profit and loss statement structures); (v) Be in compliance with any applicable laws, any and all mandatory norms established by NBM for commercial banks and be in “good standing” with NBM, i.e. in compliance with the minimum capital requirements, liquidity and other prudential ratios established by the NBM (www.bnm.md/en/regulations_surveillance), maintain at all times the required risk-based <i>capital adequacy ratio</i> and remain in compliance for the duration of the PFI Subsidiary Financing Agreement; (vi) Have set of policies and rules that that set minimum Anti Money Laundering and Counter Terrorist Financing standards; (vii) Have set of policies and rules that that set minimum of relevant Sanctions standards; (viii) Have policies, procedures and monitoring processes for the identification and reporting of suspicious activity and transactions; Identify and documents the identification of its customers receiving sub-loans from the CEB financing; (ix) Other eligibility criteria established by the Government of Moldova, including for nonbanking credit institutions.
Eligible Costs	<p>The PFF covers budgetary expenditures related to COVID-19 outbreak and impact. The Project costs will cover any related goods and services to respond to the COVID-19 Preparedness, Emergency and Early Recovery activities.</p> <p>Eligible costs may include:</p> <ul style="list-style-type: none"> i. The cost of surveys or studies (technical, economic or commercial, engineering) as well as the cost of technical supervision of the project. These costs should not exceed 5% of the total cost of the Project, unless justified; ii. The cost of acquiring land directly linked to a project, at its purchase price, unless it has been donated or granted; iii. Preparation of the land; iv. Construction/renovation/modernization or purchase of buildings directly linked to a project; v. The installation of basic infrastructure such as sewerage, water supply, electricity and telecommunications networks, waste disposal and waste water treatment, roads, etc.; vi. The purchase of materials, equipment and machinery, as well as the related costs linked to the training of staff. <p>Contingencies for unanticipated costs (technical and/or price increases) can be financed by CEB. These represent financial coverage in respect of possible changes in the quantity of work required, or of unit prices, in the type and quantity of equipment to be purchased or in the method of carrying out the project.</p> <p>(b) Costs related to professional/vocational training and public awareness-raising campaigns may be eligible for CEB financing taking into account their objectives within the framework of the Project.</p> <p>(c) Financial costs or investments (payment of debts, refinancing, interest charges, acquisition of interest in the capital of an enterprise, etc.) cannot be included in the estimated costs of the Project and cannot be financed by the CEB.</p> <p>(d) Non-deductible and non-refundable VAT and other tax-related costs non-deductible and non-refundable can be considered as eligible costs.</p> <p>Eligible expenditures under the PFF usually exclude personnel costs (wages/salaries and other related benefits such as pension payments), however, under the Health Component, burden incentives for the existing staff involved, and gross salaries for additional staff recruited for COVID-19 purposes, will be eligible, taking into account the exceptional context.</p>

Specific Conditions	<p><u>Procurement</u></p> <p>Under the state of emergency/ emergency in public health situation, public procurement of materials and services financed by the PFF will follow special procedures allowed under the R. of Moldova procurement legislation.</p> <p>The Borrower shall inform promptly CEB about the duration of the emergency situation and time during which special public procurement procedures are applicable.</p> <p>For the parts of the PFF which may be procured according to special procedures, the Borrower shall submit lists of contracts related to budget lines that have been financed by the PFF.
